

## **Notice of Utility Tariff Filing**

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Moore & Moore Services, Inc. d/b/a Quick Sanitation ("Quick Sanitation") filed TA2-716, seeking to implement an initial tariff for refuse services in the Kenai Peninsula. The proposed tariff contains descriptions, regulations, and rates applicable to refuse services by Quick Sanitation.

Order No. U-07-133(2), issued March 25, 2008, approved Quick Sanitation's application for a Certificate of Public Convenience and Necessity (CPCN) for commercial refuse service. Order No. U-21-009(2), issued August 4, 2021, approved Quick Sanitation's application to amend its CPCN to include residential service. AS 42.05.711(i) provides that refuse utilities with annual gross revenues of \$300,000 or less are generally exempt from economic regulation and not required to maintain a tariff on file with the commission. At the time the applications were approved, Quick Sanitation's annual gross revenues were less than \$300,000. Quick Sanitation's annual gross revenues have exceeded \$300,000; therefore, it is no longer exempt from economic regulation and must maintain a tariff on file with the Commission. Quick Sanitation states that this filing does not propose any changes to existing residential rates subject to economic regulation.

This notice does not contain all requested revisions and the Commission may approve a rate or classification which varies from that proposed by Quick Sanitation.
